

Driving Offences

Karen does undertake representation for driving offences such as “drink driving”, “careless and dangerous driving” and “speeding”.

Karen can particularly help if you are facing disqualification for having 12 or more points on your licence.

Legal Aid is generally not available for these types of offences and Karen will undertake representation in respect of these matters on a fixed fee basis to include all preparation and representation. The quote for a fixed fee will entirely depend on the particular facts and circumstances of the case and Karen would be happy to discuss that with you over the telephone or via email.
